

# Parent Governor Election Statements

## **Personal Statement for Stephen Huxley**

After graduating from The University of Liverpool, I joined the Police serving 11 years before leaving as a Detective Inspector. Subsequently, I have worked in Senior Management positions for Save the Children, PWC, Amazon and Microsoft, where I am currently employed as the European Head of a Finance team. I live in Ellenbrook with my wife Nicola and our three children Harry (9), Poppy (4) and Hendrix (2). I am passionate about our school and local community, if elected I will be a voice for all parents, working relentlessly to ensure the very best for every one of our children.

## **Personal Statement for Nicola Turner**

My name is Natalie and my daughter is currently in reception class. I would like you to vote for me to be a parent governor as I am passionate about the achievements of the children and the school. I have a keen interest in the curriculum, especially maths and I am a fully qualified chartered management accountant (CIMA). I have worked as a Senior Project Accountant at a large company for the past 9 years, I believe that this provides excellent experience of challenging others and making difficult decisions when required and I also have strong budgeting skills.
