Dear Parent/Guardian

Walk Home Permissions

We are fast approaching your child entering Year 5/6. In these year groups a few parents wish their children to walk to school/walk home on their own. It is important that we know who these children are and whether they have their parents' permission to make their own way to school/walk home unaccompanied. If this is the case, these children need extra advice about keeping themselves safe, especially during the dark winter months.

If you want your child to walk to school/walk home on their own at the end of the school day, please see the attached letter and complete the permission slip and send it back into school. This also applies if they sometimes walk to school/walk home on their own. The walk home permission does not allow your child to take a younger sibling home with them.

The permission to walk home will **NOT** begin until the new academic year in September 2021.

Kind regards

Mr R Blackburn
Head Teacher
